

# How to use the customizable Half-Sheet Planners

1

Use your **TAB** key to tab through the customizable fields of each form. Each form has numerous fields in which you can enter your own information.

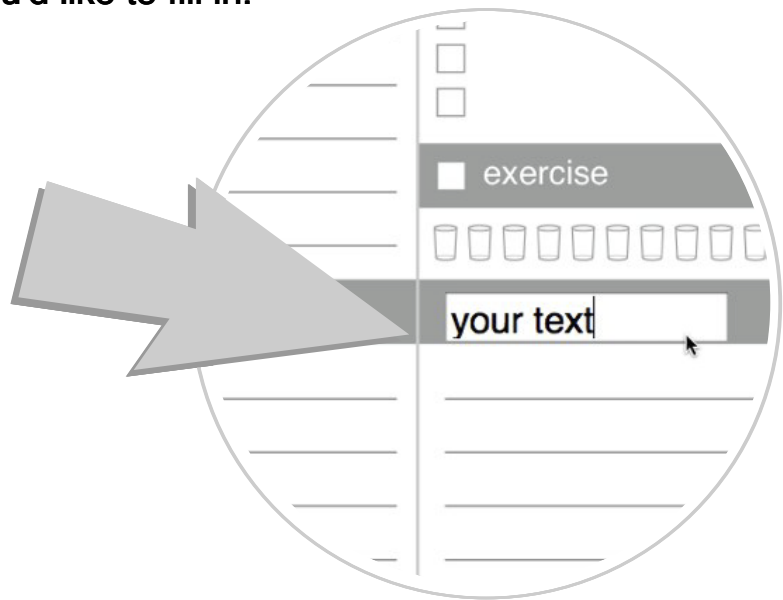

2

Click on the section(s) you'd like to fill in.

3

Type in your text.

4

Print out the document when you're done typing in your text. You'll need to cut each sheet in half and properly holepunch it to use it in a half-sheet planner.

5

Save your document if you'd like to save your changes. You'll be able to open the document again to add different text at any time.
